Maritime Health Trainings for Seafarers and Doctors
<https://marihealth-project.maritimehealth.org>

PROGRESS OF MARIHEALTH PROJECT

MariHEALTH in Progress is now running for 22 months, with all its Work Packages near the final stage, and all project deliverables have already been completed: e.g. training modules presentations, with modules handouts and 20 question lists for MariHEALTH evaluation modules

Training Modules

are developed for three main groups; rating level of seafarers, officer level of seafarers and maritime doctors.

All modules contain both text, video and 2D/3D case scenarios.

standard first aid refreshment training, extra training needs for officers, and living and working conditions on board.

Previous Meeting

The 4th meeting was held on 27th April 2021 via Zoom on-line platform due to the Covid-19. On video meeting the partners inform ITU the stage of implementation of each task of the project and analyses the modules that will be delivery for training. Also is was establish all tasks that need to be fill till autumn.

On the 5th meeting was held on 03 November 2021, via Zoom on-line platform due to the Covid-19. On video meeting the partner ORKA make the presentation for some e-learning training modules in 2D/3D animation format.

Next Meeting

The 6th transnational meeting will be held in December 2021 with the host of ITU, in Turkey.
